VIALS 5x5 PRO

Box with 5 vials (5ml each) / Exclusive Professional Use.

The SP55 Hair Restoration Programme — Innovative hair restoration treatment designed for exclusive use in professional clinical settings. This advanced formula combines exosomes derived from Curcuma longa, bioactive peptides, botanical extracts, and essential nutrients to stimulate hair follicles, promote robust hair growth, and optimize scalp health. Particularly indicated for treating thinning and hair loss, SP55 revitalizes the follicular microenvironment, offering visible results in hair density and vitality.

APPLICATION

Apply the contents of a 5ml vial to the scalp during clinic treatments, ideally every 10 days. Gently massage to ensure uniform absorption. Recommended for use within professional hair restoration protocols, complemented with home care for sustained results.

AMPOULES 10x2 PRO

APPLICATION

Apply the contents of a 2ml ampoule to the clean scalp, gently massaging to ensure uniform absorption. Suitable for intensive treatment or maintenance to prolong the results of clinical procedures. Suitable for daily use or as per the recommended protocol.

Box with 10 ampoules (2ml each) / For Home Use.

The SP55 Hair Restoration Programme — Advanced hair growth treatment designed for home use by the patient, either as a primary treatment or maintenance following clinical procedures. This innovative formula combines bioactive peptides, botanical extracts, and essential nutrients to stimulate hair follicles, strengthen roots, and promote denser, healthier hair. Ideal for patients with thinning or hair loss, SP55 optimizes scalp health, offering a practical and effective solution for home care.

¿WHY choose Pharma Hermetic?

Powered by innovative plant exosome technology, cutting-edge peptides, and botanicals of proven efficacy, **Pharma Hermetic** presents advanced solutions for multiple needs:

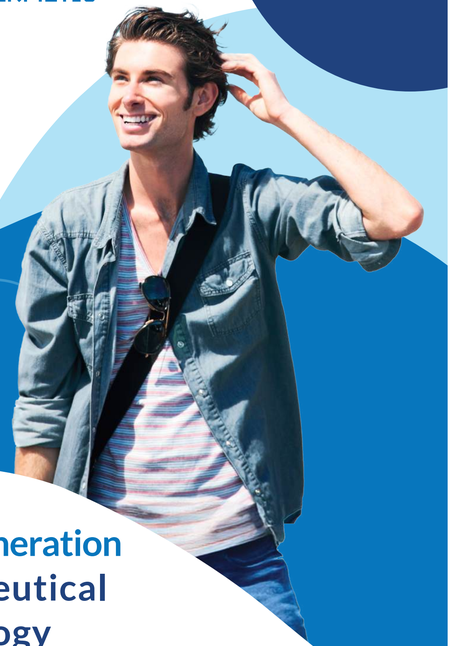

- *Hair loss and lack of growth*
- *Oily hair and dandruff*
- *Damaged and dehydrated hair*
- *Skin aging*

Its lightweight and highly concentrated formulas allow for comfortable, precise application with seamless integration into clinical procedures or at-home use.

The result: denser, healthier, and revitalized hair, accompanied by visibly younger and more radiant facial skin.

PRO LOTION

50ml Spray / For Home Use

The SP55 Hair Restoration Programme — Complementary hair growth treatment designed for home use, ideal for enhancing the results of SP55 vials or ampoules. This advanced formula combines bioactive peptides, botanical extracts, and essential nutrients to stimulate hair follicles, strengthen hair, and improve scalp health. Formulated for patients with thinning or hair loss, this spray lotion offers convenient and effective application, supporting hair density and vitality as part of a home care regimen.

APPLICATION

Spray the lotion onto a clean scalp, focusing on affected areas and massaging gently to facilitate absorption. Use daily or as directed by a professional as a complement to SP55 vials or ampoules to maximize the results of the hair restoration treatment.

SHAMPOO BLUE ANTI-HAIR LOSS

The SP55 Hair Restoration Programme — Advanced cleansing treatment designed for home use, formulated to prevent hair loss and strengthen hair follicles. This shampoo combines gentle cleansing ingredients with botanical extracts, bioactive peptides, and conditioning agents to nourish the scalp, improve hair resilience, and promote an optimal environment for hair growth. Ideal as a complement to SP55 vials, ampoules, or spray lotion, this shampoo is perfect for patients seeking a comprehensive home hair care solution.

400ml container

APPLICATION

Apply a small amount of shampoo to wet hair and scalp. Gently massage until a lather forms, then rinse thoroughly. Daily use as part of a comprehensive hair care regimen along with SP55 vials, ampoules, or spray lotion.

HAIR MASK

The SP55 Hair Restoration Programme — Intensive conditioning treatment designed for home use, formulated to nourish, strengthen, and revitalize weakened or hair prone to hair loss. This rich mask combines moisturizing, antioxidant, and repairing ingredients to improve scalp health, reinforce the hair structure, and promote stronger, shinier hair. Ideal as a complement to SP55 vials, ampoules, spray lotion, or shampoo, this mask is an essential component for patients seeking a comprehensive at-home hair care solution.

250ml container | For Home Use

APPLICATION

Apply a generous amount of the mask to clean, damp hair, from scalp to ends, after using SP55 Anti-Hair Loss Shampoo.
Gently massage in and leave on for 5-10 minutes before rinsing thoroughly.
Use 1-2 times per week.

NOURISHING HAIR OIL

Intensive 50ml treatment formulated for home use, designed to nourish, strengthen, and revitalize dry or damaged hair.
This rich formula combines pure plant oils and natural antioxidants that penetrate deeply into the hair and scalp, promoting hydration, improving elasticity, and providing a healthy shine. Ideal for patients seeking intensive hair care, this oil integrates perfectly into a daily maintenance routine under professional recommendation.

50ml bottle | For Home Use

APPLICATION

Apply the oil to clean, dry hair, focusing only on the ends and damaged areas. Comb through to ensure even distribution. Use 2-3 times per week.

Bottle with 60 capsules | For Home Use

NUTRA SP55

Oral vitamin supplement formulated for home use, designed to support hair and scalp health from within. This advanced blend combines botanical extracts, essential amino acids, minerals, and vitamins that strengthen hair follicles, promote hair growth, and improve overall vitality.
Ideal for patients seeking a comprehensive complement to topical treatments such as SP55 vials, ampoules, or shampoos, Nutra SP55 integrates seamlessly into a daily comprehensive hair care routine.

APPLICATION

Take 1 capsule daily with water, preferably with a meal, or as directed by a healthcare professional. Continue treatment for at least 2-3 months for optimal results. Compatible with other SP55 products for a comprehensive approach.

SILVER KIT

Complete hair growth treatment, designed for home or clinical use, combining 5 vials, 10 ampoules, and a lotion in elegant packaging with an interior calendar for easy and effective tracking.
This comprehensive solution, developed with advanced ingredients, stimulates hair follicles, strengthens roots, and promotes thicker, healthier hair. Ideal for patients seeking a complete hair restoration regimen, this kit is presented as a professional and attractive option, recommended for structured use under professional supervision.

APPLICATION

Follow the calendar included in the kit to apply the products according to the recommended schedule. Use the vials and ampoules by applying them directly to the scalp, massaging gently for optimal absorption, and complement with the lotion sprayed on the affected areas.

Kit with 5 vials (5 ml), 10 ampoules (2 ml), and 1 lotion (17 ml). For Home or Professional Use

ANTI-AGING CREAM

Advanced day treatment designed for home use, formulated to combat the visible signs of aging and revitalize the skin. This cream combines a unique blend of bioactive peptides, natural extracts, and moisturizing agents to improve elasticity, reduce fine lines, and protect the skin from environmental damage. Ideal for patients seeking a comprehensive anti-aging solution, Adhara integrates seamlessly into a daily skincare routine upon professional recommendation.

50ml bottle | For Home Use

ADHARA

APPLICATION

Apply an even layer of the cream to clean skin on the face and neck every morning, after using a suitable cleanser. Massage gently until completely absorbed. Use daily.

ANTI-AGING SERUM

Intensive anti-aging home treatment designed to revitalize and rejuvenate the skin as part of the Adhara line. This lightweight formula combines bioactive peptides, natural extracts, and moisturizing agents to improve elasticity, reduce fine wrinkles, and protect the skin from environmental damage. Ideal for patients seeking an advanced solution against the signs of aging, this serum integrates perfectly into a daily skincare routine upon professional recommendation, complementing Adhara Anti-Aging Cream.

30ml bottle | For Home Use

ADHARA

APPLICATION

Apply 3-5 drops of serum to clean skin on your face and neck every night. Massage gently until completely absorbed. Use daily, ideally combined with Adhara Anti-Aging Cream for optimal results.

ANTI-GREASE SHAMPOO

Specialized 200ml cleansing treatment designed to control excess sebum and balance an oily scalp. This formula combines sebum-regulating agents, botanical extracts, and fermented minerals to deeply cleanse, reduce oiliness, and maintain a healthy scalp, promoting lighter, fresher hair.

200 ml Container | For Home Use

APPLICATION

Apply a small amount of shampoo to damp hair and scalp. Gently massage into a lather, leaving on for 1-2 minutes to maximize the regulating effects, then rinse thoroughly.

ANTI-HAIR LOSS SHAMPOO

Specialized 200ml cleansing treatment designed to prevent hair loss and strengthen hair follicles. This advanced formula combines bioactive proteins, mineral ferments, and essential vitamins to nourish the scalp, stimulate hair growth, and improve hair resilience.

200 ml Container | For Home Use

APPLICATION

Apply a small amount of shampoo to wet hair and scalp. Gently massage into a lather, leaving on for 2-3 minutes to maximize the effects, then rinse thoroughly.

ANTI-DANDRUFF SHAMPOO

Specialized 200ml cleansing treatment designed to combat dandruff and improve scalp health. This formula combines antifungal agents, botanical extracts, and conditioning agents to eliminate flakes, reduce irritation, and balance the scalp, promoting a healthy hair environment.

200 ml Container | For Home Use

APPLICATION

Apply a small amount of shampoo to wet hair and scalp. Gently massage into a lather, leaving on for 2-3 minutes to maximize the effects, then rinse thoroughly.
